

reversebasicLoopEdgeSet

generalMethods::getReversed
FaceLoop

```
graph LR; A[generalMethods::getReversed FaceLoop] --> B[reversebasicLoopEdgeSet];
```

The diagram consists of two rectangular boxes. The box on the left is shaded gray and contains the text 'reversebasicLoopEdgeSet'. The box on the right is white with a black border and contains the text 'generalMethods::getReversed' on the top line and 'FaceLoop' on the bottom line. A dark blue arrow points from the right side of the white box to the left side of the gray box.
